

Checklist for prospective authors intending to publish in the Journal 'ENGINEER'

Steps	Procedure	Alternatives
1.	Check whether at least one of the authors of the prospective paper has a membership in any one of the categories in IESL.	If you have a high impact finding related to engineering to report, you may submit a paper though none of the authors have membership at IESL. It may be accepted for processing if the Editor and the Editorial Board are satisfied of its impact.
2.	Download from IESL website www.iesl.lk a document on the scope of the journal (<i>iesl_pub_overview.pdf</i>) and format for preparing manuscript along with instructions in MS Word (<i>iesl_pub_guide.doc</i>) and compile the paper strictly adhering to the guidelines therein.	
3.	Download from IESL website www.iesl.lk a form to be filled by the authors offering a paper for publication in the Journal (<i>iesl_pub_offer.pdf</i>). This form duly filled and signed should accompany the manuscript of the paper.	
4.	Submit hard copy of the duly filled offer form along with two hard copies of the manuscript of the paper to the Publication Division of the IESL Secretariat.	Electronic submission is possible through email to dir.pub@iesl.lk or ieslpub@gmail.com . The offer form should be sent as a scanned document (in .jpg or .pdf form scanned at 300 dpi). Manuscript shall be in MS Word format or pdf format.
