THE INSTITUTION OF ENGINEERS SRI LANKA - QATAR CHAPTER 2021/2022 – "Corporate Social Responsibility (CSR) PROJECT"

THE INSTITUTION OF ENGINEERS SRI LANKA - QATAR CHAPTER organized and successfully completed the Corporate Social Responsibility (CSR) PROJECT for the year 2022.

We, IESL Qatar Chapter handed over QR.4000/= worth of medicines to the Health Ministry of Sri Lanka on 10th August 2022. This is one of our CSR projects to assist our fellow Sri Lankans back in their motherland during this hour of need who suffer from no sufficient important medicines in government hospitals. We were able to strengthen the health sector through your generous contributions made on our request, during this critical situation in Sri Lankan Economy. While all contributions made by our members are acknowledged gratefully.

We would like to express our sincere gratitude to Eng. Prasanna, the former chairman who represented the Chapter and handed over the donations to the 2 representatives of Dr. Anver Hamdani - MOH Colombo. Also, the support received from Mr.Hilmy and Mr. Liyanage who were present in the handover and coordinated this worthy cause with SLCC and SLCBF. Last but not least, the commitment showed by our Treasurer Eng. Saddha to organize and follow up on this CSR project to the end is greatly appreciated on behalf of the Ex Com Team of the IESL Qatar Chapter.

Appreciation Letter from the Ministry of Health.
